

AGREEMENT ON ACADEMIC AND CULTURAL EXCHANGE BETWEEN
FACULTY OF ENGINEERING,
ANDALAS UNIVERSITY, INDONESIA
AND
LIGNOCELLULOSIC BIOMASS-BASED
ADVANCED ECO-FRIENDLY TECHNOLOGY TEAM FOR BK21 PLUS,
SEOUL NATIONAL UNIVERSITY, REPUBLIC OF KOREA

The Dean of Faculty of Engineering of Andalas University, Indonesia and Director of Lignocellulosic Biomass-based Advanced Eco-Materials Technology Team for BK21 PLUS, Seoul National University, Republic of Korea, agree to promote academic and cultural collaboration exchange between the two institutions with the joint purpose of improving mutual understanding between the two institutions and between Indonesia and Korea, and contributing to the advance of research and education.

Scope of Exchange Programs

1. The two institutions agree specifically to promote
 - a. Exchange of faculty, undergraduate and graduate students.
 - b. Research collaboration in areas of mutual interest.
 - c. Exchange of research papers and academic publications.
 - d. Exchange of visiting professor.

Implementation of Exchange Programs

2. Details of the activities listed above and expenses resulting from this agreement will be negotiated between the two institutions.

Duration of the Agreement

3. The agreement will be valid for a period of five years from the date signing. The agreement will be automatically renewed before the expiration time unless either of institution desires otherwise.

Revision and Termination

4. The two institutions must notify each other when they wish to revise or terminate the agreement. A period of three-month notice is required before termination becomes effective. If any question on any part of agreement arises, the two institutions must consult each other to settle the issue.
